

- FACT SHEET -
INSTALLATION AND UPGRADE OF BICYCLE FACILITIES
(CLASS II AND III), CITYWIDE
CIP PROJECT No. PW1517

PROJECT DESCRIPTION:

The project will install Bicycle Facilities at various locations Citywide (see map). The project will install about 18 miles of Class III Bicycle Routes and 2 miles of Class II Bicycle Lanes. The project will also install additional signs along 27 miles of existing Class III Bicycle Routes to increase safety and to encourage their use.
